☑ Solution to: error: <class 'PermissionError'>, [Errno 13] Permission denied

installation_problem, supervisord

pitalms

Feb 2023

I'm working on erpnext v14 - productions, everything is supposed to be set up correctly...

However, I have the same problem that keeps appearing, when I execute bench commands... such as: "update, migrate, ..."

This error appears as follows:

```
error: <class 'PermissionError'>, [Errno 13] Permission denied: file: /usr/lib/python3/dist-packages/supervisor/xmlrpc.py line: 560
```

Is there anyone here who can help me?

What am I missing here? Please Help...

☑ Solved by MohamedAbdulsalam in post 6

error: <class 'PermissionError'>, [Errno 13] Permission denied: file: /usr/lib/python3/dist-packages/supervisor/xmlrpc.py line: 560 This error occurs when you try to access a file that you don't have permissions to access in Python, The solution is to grant yourself (User) access to the file usi...
